**Dan Giacometto, 60:** I have been a patient of Dr. Steven Mortazavi and Valley Pain Specialists for about three years. In that time both my wife and I have had several procedures by Dr. Mortazavi and the other doctors in the practice. I have always been treated in a professional manner and with genuine caring. My personal well-being as well as my medical needs have always been attended to. I've always found offices and procedure rooms to be clean, comfortable, and the doctors accessible to my needs. Every procedure has been explained to me in advance and all my medical information has been taken into consideration before and after a procedure. I have received easy-to-follow detailed instructions leaving no doubt in my mind what to do in any case and always felt safe. I find this practice to be superior to most doctors offices and trust Dr. Mortazavi at his medical staff with my life and have no doubt that I have been taken care with true compassion and adherence to medical standards at anytime. I highly recommend Valley Pain Specialists to anyone who is in pain.
