**Testamonial:** I can offer only the highest praise to Dr. Mortazavi and his dedicated and extremely caring staff. I had been suffering from a great deal of pain in my back, transmitted down my right leg. I had an unpleasant experience prior to coming to Valley Surgical Center; had been given pros and cons by friends about back injections. But I came with a great deal of hope that I would be given relief, and I was. I received my third (final) series of injections today, and can truthfully boast that I am at last pain-free. Dr. Mortazavi's caring bedside manner, his explanation of the procedure in language that I can understand, and the work of his staff, have given me cause to

- I agree to using my entire name and age
- I agree to using my first name and age

recommend Valley Pain and Surgical Centers to many friends and colleagues. I am pleased and very proud to recommend everyone at Valley - God bless all of you.
