NUMBER 1

Valley Pain Specialists Welcomes Dr. Christopher Lee

Dr. Mortazavi and the staff are pleased to welcome Dr. Christopher Lee to our team. Dr. Lee joins VPS as our first Pain/Interventional Spine fellow. Dr. Lee completed his pre-medical education at Hampshire College in Amherst, MA. He subsequently received his medical degree from St. George's University School of Medicine. Dr. Lee has practiced for many years as an attending physiatrist as well as serving various teaching roles. He has pursued residencies in Internal Medicine at Pinnacle Health System/ St. Joseph's Regional Medical Center in Harrisburg, PA. He also completed Physical Medicine & Rehabilitation residency at Rusk/ NYU Medical Center. In addition to being Board Certified in Internal Medicine, Dr. Lee is Board Certified by the American Board of Physical Medicine and Rehabilitation. Dr. Lee served as full-time faculty at NYU School of Medicine and New York Medical College where he devoted time to both residency training and academic pursuits.

Vps will provide a one-year Pain/Interventional Spine Fellowship starting July 2010. The curriculum will include acute and chronic pain, as well as anatomy, physiology, pharmacology, and interventional treatment. Steven Mortazavi, M.D. will be the Fellowship program director

Christopher Lee, M.D.
