## Valley Surgical Center Receives Accreditation

Valley Pain Specialists is pleased to announce the recent accreditation of Valley Surgical Center Inc. by the Accreditation Association for Ambulatory Health Care (AAAHC).

This is an important milestone in the continuing growth and success of our health care organization. We have had an unwavering commitment to providing the highest levels of quality care to our patients, and the same high level of conduct in our business practices. Accreditation by the AAAHC is proof of this commitment, and signifies that we have met the rigorous standards of a nationally recognized party.

Upon notifying us of our accreditation status, Roy Grekin, MD, the Accreditation Association President, commented, "Achieving accreditation demands a high level of dedication and effort. Valley Surgical Center is to be commended for this accomplishment."

Our status as an AAAHC accredited organization allows us to provide an extra measure of confidence to our community. We are proud to have met the challenge of accreditation, and intend to consistently uphold the principles of quality improvement and quality care in the future.

Valley Pain Specialists are dedicated to optimizing pain relief while minimizing side effects. Although many pain conditions are treated at our practice, the following conditions are managed most frequently:

- Chronic low back, hip or leg pain
- Chronic neck, shoulder or arm pain
- Spinal stenosis
- Spinal arthritis
- Vertebral compression fractures
- Intractable spasticity
- Pain following shingles
- Pain after nerve injury
- Cancer pain

Treatment options offered by Valley Pain Specialists and Valley Surgical Center include:

- Medication management
- Diagnostic and therapeutic spinal injections
- Nerve blocks and trigger point injections
- Herniated disc removal
- Vertebroplasty
- Psychological evaluation and support
- Spinal cord stimulation
- Spinal drug delivery for pain and spasticity
- Referral for physical therapy, acupuncture, and biofeedback
